An Occasional Idiot

Like you, I’ve
read the many
books to side-

  step all
bizarre ends, but

  stumbles fall
  & obsessions,

(or "sins" from a
certain quarter).

      Fuck it,
      & all
      gurus,

secular or scriptural.
We’re good enough--if
there were a decency

average, we’d be banned
from moral baseball

               as too much.
